

SUFFRAGETTES TRY TO MURDER IRISH EDITORS

Giantess Heads Raid and Is Backed by the Hatchet Brigade

Mount Lassen Is Giant Geyser, Not Volcano, Say Native Sons

REDDING, Cal., June 3.—No word has been received from the party of explorers who left for Mt. Lassen yesterday and it is supposed their advance was impeded by gases and ashes which are said to cover the earth within a few miles of the volcano. From this place the eruption continues to show plainly.

No flames or fire has been seen at

any time, but the smoke is believed to come from a fire in subterranean depths.

A singular feature is that snow on the north side of Mt. Lassen has disappeared rapidly within the last three days. The whole summit was wrapped in snow well down to the timber line a week ago, as can be plainly seen from Redding.

The forest supervisor is of the opinion that the eruption on Mt. Lassen is more geyserlike than volcanic.

No lava has been thrown out and no flames have been seen. Great volumes of steam spout from the crater. This, with the character of the matter thrown out, leads him to his belief it is a geyserlike action.

There are fifteen or twenty fissures. Some are 100 yards long and

Ballplayers Cannot Jump to Federals, Says a Chicago Court

(By Associated Press.)

CHICAGO, June 3.—Judge Foell, of the Superior Court of Cook county, sustained the injunction restraining "Chief" Johnson from pitching for any club beside the Cincinnati Nationals, by a decision which stopped what was predicted would be the biggest raid of ball players ever made in the history of the game. Scores of players now in the ranks of organized ball were ready to "jump" to the outlaw league at the word if Johnson's case had been decided in favor of the Kansas City Federals, whom he joined after deserting Cincinnati.

TONOPAH BOYS LACKED EXPERIENCE AND LOST RANKING BUT CAME OUT AHEAD OF THE GOLD CAMP

The Tonopah boys who took part in the track meet reached home this morning.

The boys did not win many places, but they did win the commendation and respect of the university by their

gentlemanly behavior during their stay.

All four of the entrées were inexperienced and the excitement proved a handicap.

John Harrington, the sprinter, was disqualified in the 50-yard dash for breaking before the gun after the third break. After that the strain of holding the mark and this anxiety over being set back caused him to lose much ground in each race. As a result, he failed to place.

John Luce, who ran the hurdles, finished second in both his heats of both these events, but each time his men were slow and as a result he was placed fourth in both events.

In the mile run Kyle Lutz led the field for three laps, running against a heavy wind, then dropped back to let one man ahead until time to sprint. Two men were together and before Kyle realized what was happening they had both passed him and taken the rail. From then until the end it was a great race, the three finishing in a bunch. Lutz was placed third.

In the half mile Brown, of Goldfield, was the favorite, and seemed to have the support of all the crowd. Henry Gilbert, the game little Tonopah freeman, took his place directly behind Brown and held it until two other men passed Brown about 200 yards from the finish, then realizing that Brown was not the one to beat he struck out after the leaders. Brown vainly trying to catch him, and finally collapsing about a hundred yards from the finish. Again, as in the mile, the three boys fought it out to the finish and again Tonopah finished third, beaten but not disgraced.

Reno high school won the meet with the best balanced team that has ever represented any high school, the team in all events being exceptionally good.

In the declamation contest Lavo Davis, of Tonopah, was placed third, being beaten by Alan, of Goldfield, and Jacobs, of Reno.

The judges, however, announced that the first three contestants were very close and that they deserved equal credit.

RESOLUTE WINS SECOND HEAT IN YACHT RACE

(By Associated Press.)
ASSOCIATED PRESS BOAT, LONG ISLAND SOUND, June 2.—In the second preliminary race to select a yacht to defend the America's cup from the British challenger, the Resolute was victor. Vanitie won yesterday.

The deck telephone and electric light have been combined by a New York inventor in one stand in such a way that the light shade reflects the sound of the voice and leads it to the transmitter.

ILL HEALTH CAUSE OF SUICIDE

SAN FRANCISCO BANKER ENDS HIS OWN LIFE BY INHALING GAS.

(By Associated Press.)
SAN FRANCISCO, June 3.—George R. Lohsinger, president of the Humboldt Savings bank, committed suicide by inhaling gas. Ill health is given as the cause, although the officers and directors of the bank issued a statement saying examination of his accounts showed everything was all right.

GOLDFIELD ELKS TO GO TO LAS VEGAS

Goldfield Elks will go to Las Vegas next Friday, a preliminary to the initiation of forty applicants of that town into the Goldfield lodge of the order on July 4. Las Vegas has arranged a celebration for the entertainment of the Goldfield visitors, and the affair promises to be a brilliant event.

SUSPECT ESCAPES BY JUMPING OUT WINDOW

KLAMATH FALLS, Ore., June 3.—Just before the train reached Klamath Falls, "Buck" Lindsay, accused of rustling cattle and wanted in Lakeview, jumped out of the lavatory window.

Plants Dynamite To Become Hero

(By Associated Press.)
WASHINGTON, June 3.—Dynamite, which has been used to plant dynamite in the department of agriculture building that he might discover it and win promotion for heroism, was held for the grand jury on a charge of attempting to dynamite the building.

Closing Day for Grade Classes

Closing exercises of the grades and graduation of the eighth grade will occur tomorrow evening at 8 o'clock in the high school gymnasium. Admission 25 and 10 cents, the proceeds to be used for student organizations. The high school graduation will occur Friday evening.

TELEPHONE LINE FROM TONOPAH TO ELY FOR AUTOISTS

PROPOSITION THAT IS RECEIVED WITH GREAT FAVOR BY LOCAL MOTORISTS.

S. R. Moore, secretary of the Nevada State Automobile association, has received a letter from A. R. Partridge, vice-president of the Lincoln Highway association, stating the choice of a route across the continent has been finally adopted and cannot be changed unless the legislature of California or Nevada by legal enactment reroute it. This route is via Tahoe and the northern route through Nevada, and the writer states it never was the intention of the association to select a route that would be open the year around. Such action would leave the members in an embarrassing position since for many months it is impossible for automobiles to use the roads through New Jersey, Pennsylvania and Ohio. The writer suggests:

"It remains for the citizens of your state, which is the one state most to benefit by the establishment of this great highway, to unite with us in making this, the first transcontinental highway, the highway for all the people, and not a highway for a small percentage of them west of the Nevada-Utah line."

A movement has been started by the Tonopah and Goldfield automobile owners in conjunction with the Inyo Good Road club of Bishop, Cal., to establish a southern line from Ely to Inyo county. The first step in this direction will be by erecting a telephone line between Ely and Tonopah with stations en route, where travelers may communicate with either end of the line and summon assistance in the event of an accident. The cost of this line will be considerable and the promoters aimed at 15,000 and the promoters will soon advise the public of the success of their plans to popularize the direct all the year round route through Tonopah, Goldfield and Inyo county.

Inyo county has taken steps to organize the Lincoln Highway Association of California and Tour Club. The object is not to disturb what already has been done for the Lincoln highway in California, but to amplify its scope and increase its efficiency by securing for it a route in California open the entire year and in addition thereto encourage development of touring facilities in the various passes of the Sierra Nevada mountains.

ELECTRIC AUTO BANDITS BLOW UP SAFE OF BANK

CHAMPAIGN, Ill., June 3.—Five robbers invaded the village of Mahomet early today in an electric automobile and while four of the band stood guard in front of Bussey's bank the other blew open the safe and took \$2,500 and escaped.

FEWER MARRIAGES DUE TO LABOR TROUBLES

CHICAGO, June 3.—Two hundred and nine fewer marriage licenses were issued here this May than in 1913, according to the license bureau's figures today. Labor troubles were blamed for the falling off.

TEMPERATURE REPORT

Highest temperature yesterday, 58; a year ago, 74.
Lowest temperature last night, 48; a year ago, 32.

ULSTERETTES INVADe SANCTUMS OF EDITORS WHO DENOUNCED THEIR SYSTEM OF ARSON AND PILLAGE

(By Associated Press.)

BELFAST, Ireland, June 3.—Suffragettes assaulted the managing Newsletter office and attacked Editor Anderson, of that paper, who has since been confined to bed, after surgical treatment.

LONDON, June 3.—Suffragettes continued their attacks by assaulting Dr. Francis Forward, medical officer of his chair. Her companion

hurled a mullage bottle at his head, but missed. Then they went to the Newsletter office and attacked Editor Anderson, of that paper, who has since been confined to bed, after surgical treatment.

Thermometer Remained Stationary For Twelve Full Hours Last Night

The temperature at 5 o'clock this morning was 48, or the same as at 5 o'clock yesterday afternoon. At 6 o'clock it began to grow warmer, but settled back to 48, where the mercury remained the rest of the night. The sunset was very beautiful, being a brilliant red, which is taken in other places as an indication of fair weather, but the barometer remained stationary and it is not likely that Tonopah will have any material change. The highest temperature was 56. The total rainfall for Monday and Tuesday was a quarter of an inch, compared with 0.28 for the month of May. Last year witnessed a series of cloudbursts during the first week of June that washed out the country between here and Hazen.

CONFESSION OF WALTER KERMEEN SHOWS AN AGGRAVATED CRIME

Sheriff Ed. Malley has received a letter from B. F. Watkins, former chief of police at Bisbee, Ariz., giving further details of the murder which Walter Kermeen confessed recently. The trial will come up early in July and the officer writes the

Tonopah officers for information to strengthen his case. He is particularly desirous of finding something about the early life of Kermeen, whom he says arrived in Bisbee about the 28th of April. Soon after he made the acquaintance of J. W. Harrell, a very nice young man, who was held in the highest esteem. Harrell always wore a large diamond solitaire in his shirt front and had it when he and Kermeen went out on mountain climbing trips that occupied several days at a time. One day the couple left Bisbee for one of these climbing exploits. Neither man returned and a searching party was organized. After three days the remains of Harrell were found on a mountain top shot to death. The same day Watkins found the diamond in a Bisbee pawnshop and obtained a description of the man who pawned it. This corresponded to that of Kermeen and the chief instantly got busy, with the result that he located Mrs. Kermeen in Nevada and then traced the boy to El Paso, where he was arrested ten days later, when he confessed.

COUNTY CASH BOX FILLED AGAIN BY SECOND PAYMENT

FEW DELINQUENTS, WHICH SPEAKS WELL FOR LOCAL PROSPERITY.

The worries of the taxpayers are over, at least for another six months. The last day for the payment of second installment 1913 taxes was on Monday, when there was a rush at the county treasurer's office.

During the period from May 15 to June 1 there was collected a total of \$8,721.01, divided as follows:

Manhattan	\$ 1,831.21
Rhyolite	1,017.15
Tonopah	28,193.52
Outside	7,679.13

\$38,721.01

There is a big pile of unworked mail in the office yet, and the treasurer will be kept busy several days writing official tax receipts. If, therefore, those who remitted very recently do not get their receipts by return mail, they need not worry. These will be written and mailed within a very few days. The number of delinquents this year will be comparatively small, which speaks well for the business conditions of Inyo county.

The county treasurer had a cash balance on the first of June of \$143,712.18. The cash in the county funds amounts to \$128,663.17; the balance in the Tonopah town funds is \$15,048.99.

One year ago, June 1, 1913, the county's cash on hand amounted to \$107,279.55, and Tonopah had only \$1,498.55 in its treasury.

BRYAN ON CHAUTAUQUA CIRCUIT
WASHINGTON, June 3.—Secretary Bryan announced today that if public business permitted, he would spend part of his vacation this year touring on the Chautauqua circuit, as he did last.

ARBITRATION IN TOLL EXEMPTION IS LATEST PHASE

SENATE COMMITTEE OPENS THE WAY TO LET WILSON DOWN EASY.

(By Associated Press.)
WASHINGTON, June 3.—By a vote of 8 to 6 the senate foreign relations committee adopted the Sutherland resolution directing the president to open negotiations with Great Britain for a special arbitration of the Panama tolls disputes. The resolution now goes to the senate.

Senator Vardaman, a Democrat, assailed the president in the senate for asking repeal of the tolls exemption. "I was dumfounded when I heard the president address congress," he said. "He gave no reason for the repeal."

Vardaman said the Democratic party would not now be threatened with disruption, had it not been for the speech of Senator Root in January last year.

"Leadership of Democracy becomes pathetic when we must rely upon and keep the astute senator who won his laurels as counsel for predatory wealth, to become the keeper of the conscience of the Democratic party." He said if repeal was not the death warrant of the Democratic party, it would be the warrant that would remove it from power and disrupt the good feeling of Americans for Great Britain. He said he would not follow men who bore the red flag of the party of infidelity.

Official List of Dead Is 1,024

(By Associated Press.)
MONTREAL, June 3.—The latest estimate of the Empire dead, according to an official statement of the Canadian Pacific, is 1,024. Lord Mervyn, who was president of the British inquiry into the loss of life by the Titanic, will be a member of the royal commission to investigate the disaster.

SHIRTWAIST SOCIALS OF THE ELKS BEGIN

DANCE LOVERS ARE AGAIN TO ENJOY A DANCE AT ELKS' CLUB.

The regular dance committee is sending out invitations for a shirt waist dance at the Elks' home, to be held on Thursday evening, June 11th. These dances are so popular the committee has had several requests to start the summer series of shirt waist parties at an early date. Having secured a five-piece orchestra for the occasion, those who are fortunate enough to receive an invitation are assured of the usual good time to be had at the club, where no pains are spared for the enjoyment of all.

AFTERNOON TEA AT PRESBYTERIAN CHURCH

The ladies of the Presbyterian Alliance will give their monthly afternoon tea at the church tomorrow from 2:30 to 4 o'clock. This will be the last number of the series. A short programme will be given. One table will be used for display of some of the aprons made by the members. A cordial invitation is extended all ladies.
